Saturn S series - Wikipedia

The Saturn S-series was a family of compact cars from the Saturn automobile company of General Motors. Saturn pioneered the brand-wide "no haggle" sales technique. The automobile platform, the Z-body, was developed entirely in-house at Saturn, and it shared very little with the rest of the General Motors model line. It implemented a spaceframe design, which had been used on some Pontiacs ...

Troubleshooting: The owner's manual for most vehicles will clearly list the model year. If not, the manual should indicate where you can locate the VIN. The VIN is often found on the driver's side dashboard just beneath the windshield. The VIN is also commonly listed on the vehicle title, registration card, and insurance documents.
