### **Literary criticism - Wikipedia**

Literary criticism (or literary studies) is the study, evaluation, and interpretation of literature. Modern literary criticism is often influenced by literary theory, which is the philosophical discussion of literature's goals and methods. Though the two activities are closely related, literary critics are not always, and have not always been, theorists.

### **Literary theory - Wikipedia**

Literary theory is the systematic study of the nature of literature and of the methods for literary analysis. Since the 19th century, literary scholarship includes literary theory and considerations of intellectual history, moral philosophy, social prophecy, and interdisciplinary themes relevant to how people interpret meaning. In the humanities in modern academia, the latter style of literary

...

## **Style - Literary Terms**

These poems use two different styles to describe the same thing: a rose. The poem on the left rhymes and has a simpler, more direct style with easy vocabulary. The poem on the right, however is more descriptive and expressive—more “poetic”—and that’s because of tone and word choice. The first poem describes the rose in a basic way, while the second seems to express the author’s ...

## **Syntax Examples and Definition - Literary Devices**

Syntax and diction are both equally integral parts of the formation of meaning into sentences. However, diction refers to the meanings of the words used while syntax refers to the arrangement of words. An author must make choices of both diction and syntax to properly convey a certain voice, and the two concepts together create a unique style for the author.
