Leadership and organizational change for implementation ...

16/1/2015 · Background. The implementation of evidence-based practices (EBPs) [1,2] is important for

health and allied health organizations and providers
[1]. Leaders can impact the capacity to foster change and
innovation [4-7], and the role of “first-level”
leaders—those who supervise individuals providing
direct services—is particularly critical to organizational
effectiveness [1].

Agile software development - Wikipedia

In software development, agile (sometimes written Agile) is a set of practices intended to improve the effectiveness of software development professionals, teams, and organizations. It involves discovering requirements and developing solutions through the collaborative effort of self-organizing and cross-functional teams and their customer(s)/end user(s).

Northouse, P. G. (2016). Leadership: Theory and Practice ...

ing the organization towards a change agenda. As Northouse (2016) noted, this theory is in the early stage of development. However, the elements of the theory are becoming well-articulated; adaptive leadership examines the situational challenges, leader behaviours, and the necessary adaptive work required to re-pond to those

challenges.
