**CALTRANS AUTHORIZED
LIST OF COUPLERS FOR
REINFORCING STEEL**

30/9/2021 · Caltrans may revoke the
authorization of a mechanical

coupler and remove it from this list for any of these reasons or if the splice company engages in fraud or misrepresentation in order to comply with the quality control and quality assurance requirements in section 52 of the Standard Specifications; Caltrans takes no position respecting the ...

Construction Specification - an overview | ScienceDirect ...

The standard is the most widely used standard for organizing specifications and other written

information for commercial and institutional building projects in the US and Canada. It provides a master list of divisions, and section numbers and titles within each division, to follow in organizing information about a facility's construction requirements and associated activities.

Comet (railcar) - Wikipedia

The Comet railcar is a class of locomotive-hauled railcars that was first designed in the late 1960s by Pullman-Standard as a modern

commuter car for North American rail lines. Later, the Comet moniker was adopted by NJ Transit for all of its non-powered single level commuter coaches. Additional series of cars bearing the Comet name, based on the original design, have since been built by ...
